## Additional Hours

Total hours as listed above fall in a range from 114 to 125 credit hours, depending on number of student teaching hours and science courses. MNU requires 126 credit hours to graduate. Speech/Theatre students must take 1 to 7 elective hours where possible, either during the summers or added to the semesters. Some general education courses may be taken in the summer to lessen the semester load when possible. Consult your adviser for additional information. This document is an example of one plan of study for this major.
